Sometimes, when checking your debtor and disbursement reports you may notice that some bills are showing as outstanding or some disbursements are showing as unbilled, that you know to be either paid or billed. So you would want to check your client ledgers for these items.

The below ledger looks as though it is clear, but on your report you have seen bill 541124 is outstanding. so you need to check the allocations for this ledger.

DATE	DETAILS	REF	VAT	OFFICE	DISBS
01/08/2019	Bill of Costs for July '19	541124	193.34	966.68	118.79
01/08/2019	Searching Costs	SRCFLW	23.76	0.00	118.79
18/08/2019	Payment of Bill 541124 received	541124	0.00	1,160.02	0.00
TOTALS:				0.00	0.00

To resolve this, go to the Client Ledgers tab and select Allocate Payments.

Ensure that the Allocate Payments radio button is selected

You can choose to allocate manually or by Auto Allocation

Auto allocation will select the oldest credit/adjustment and allocate it to the oldest bill outstanding.

Manual allocation allows you to choose which receipt to allocate to each bill.

click the select icon on the Bill that you wish to allocate a receipt or adjustment to. This will open a new screen where you can select the receipt/adjustment that you wish to allocate to this bill.

When you have selected the receipt/adjustment click save, and you are returned to the outstanding list for your ledger.

Repeat the above until all your receipts/allocations have been allocated

Allocate Disbursements to a bill

Click on the 'Allocate Disbursements' radio button and then click the select icon on the disbursement you wish to allocate.
