

Osprey Approach: Check for office credit or overdrawn client balances on the Ledger Balance report

This help guide was last updated on
Jul 10th, 2020

The latest version is always online at
<https://support.ospreyapproach.com/?p=2637>

Navigate to the Reports area in the side menu on the left, now select Client Financial and then Ledger Balance.

Now tick the balance filtering option.

To check for Office Credit Balances you need to enter 0.00 against Office Balances and select the < (less than) option from the list as shown below

A screenshot of a 'Balance Filtering' section. It has a checked checkbox at the top. Below are five rows, each with a label, a text input field, and a dropdown menu. The 'Office Balances' row has '0.00' in the input field and '<' in the dropdown. The other rows are empty or have '>' in the dropdown.

<input checked="" type="checkbox"/> Balance Filtering		
Client Balances:	<input type="text"/>	> ▼
Office Balances	0.00	< ▼
Disbursement Balances	<input type="text"/>	> ▼
Deposit Balances	<input type="text"/>	> ▼
WIP Balances	<input type="text"/>	> ▼

To check for overdrawn Client balances as well enter 0.00 against Client Balances and select the < (less than) option from the list

If you are filtering for both options you also need to tick the OR option so that matters which meet either of the criteria are reported upon.

Balance Filtering

Client Balances:	<input type="text" value="0.00"/>	<input type="text" value="<"/>	<input type="text" value="▼"/>
Office Balances	<input type="text" value="0.00"/>	<input type="text" value="<"/>	<input type="text" value="▼"/>
Disbursement Balances	<input type="text"/>	<input type="text" value="<>"/>	<input type="text" value="▼"/>
Deposit Balances	<input type="text"/>	<input type="text" value="<>"/>	<input type="text" value="▼"/>
WIP Balances	<input type="text"/>	<input type="text" value="<>"/>	<input type="text" value="▼"/>

And Or

Now click on the Print option to run the report. The Report Viewer window will open and will display matters which meet the criteria set

Balance filters for Disbursements and Deposits can be applied in a similar way, the criteria available are:

- <> Is not equal to
- = Is equal to
- > Is greater than
- >= Is greater than or equal to
- < Is less than
- <= Is less than or equal to

When applying filters on more than one Balance (for example Client and Deposit):

If you select the OR option then matters which meet one of the criteria will be reported on.

If you select the AND option only matters which meet all of the selected criteria will be reported on
