Osprey™ Approach

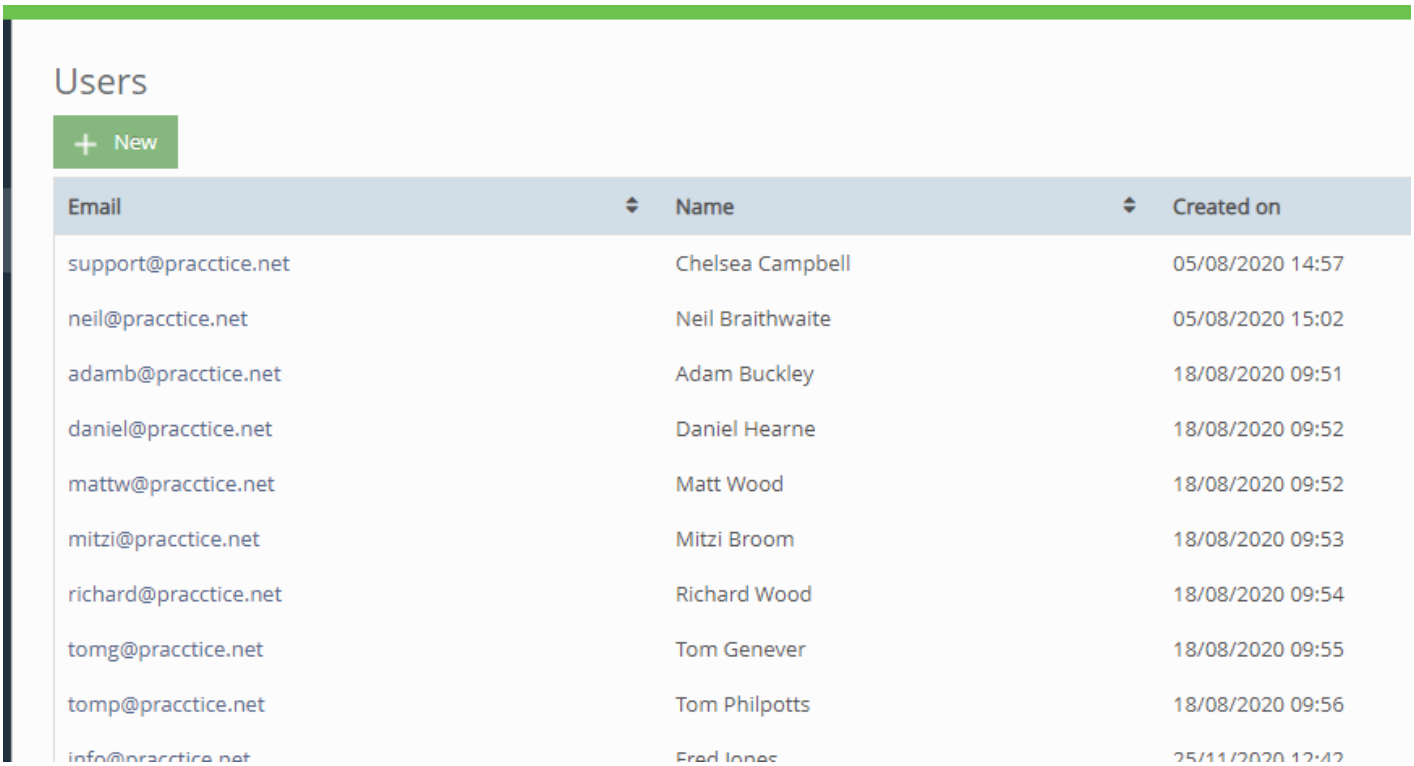

Portal Setup Options

Click Setup in Convert2Client portal, you will see a number of options

Managing Users

You may set up an unlimited number of users, by clicking Users and then selecting New. Simply enter the basic details and choose a role.

A Solicitor will be one of your internal users.

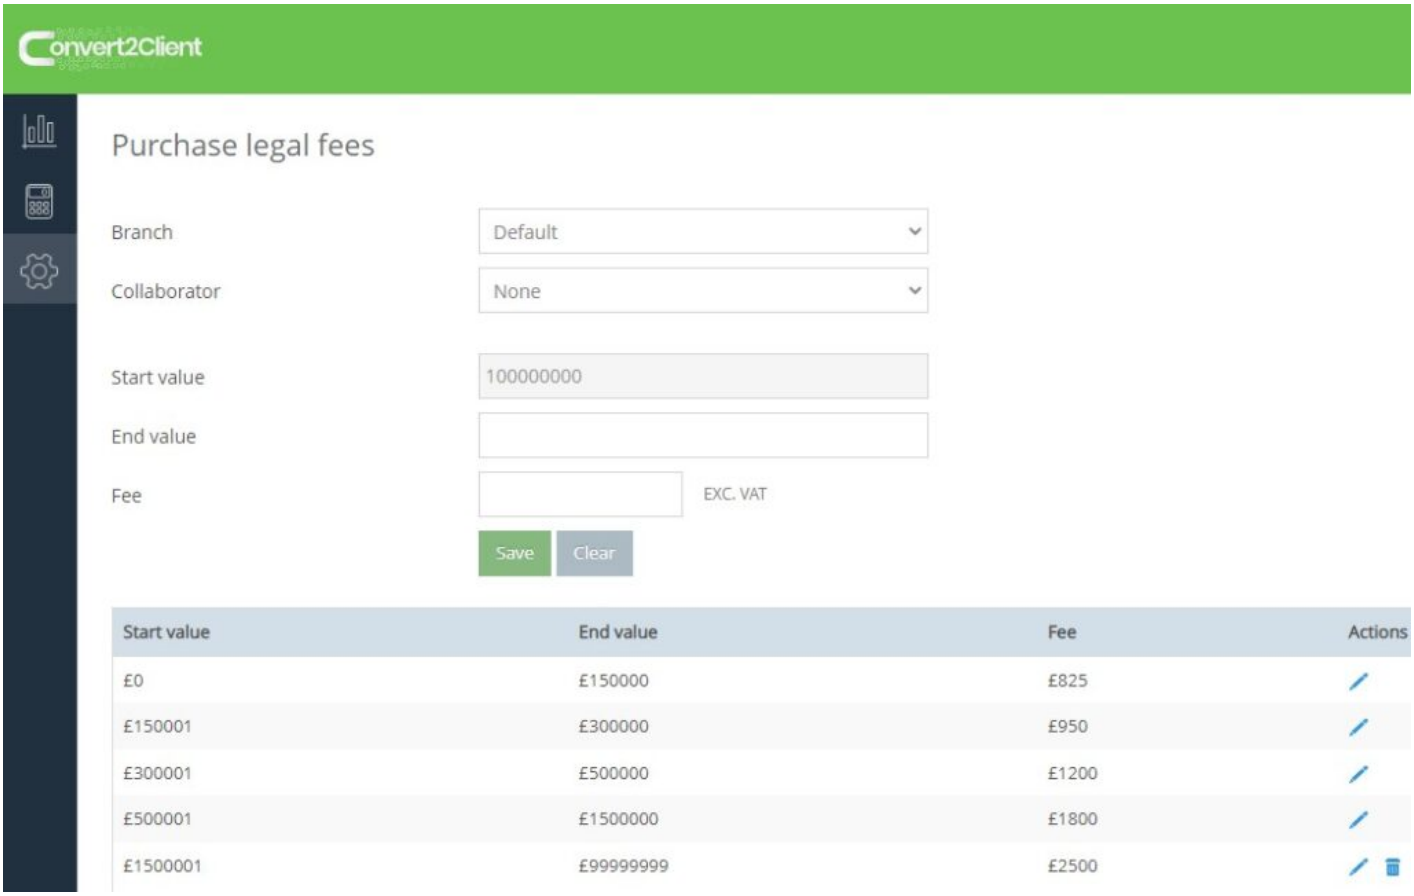

A Collaborator will be a third party, e.g. an Estate Agent, who would then be able to create quotations while the customer is with them.

An Administrator user will have access to the supervisor area and will be able to change any of the settings available.

Setting Up Legal Fees

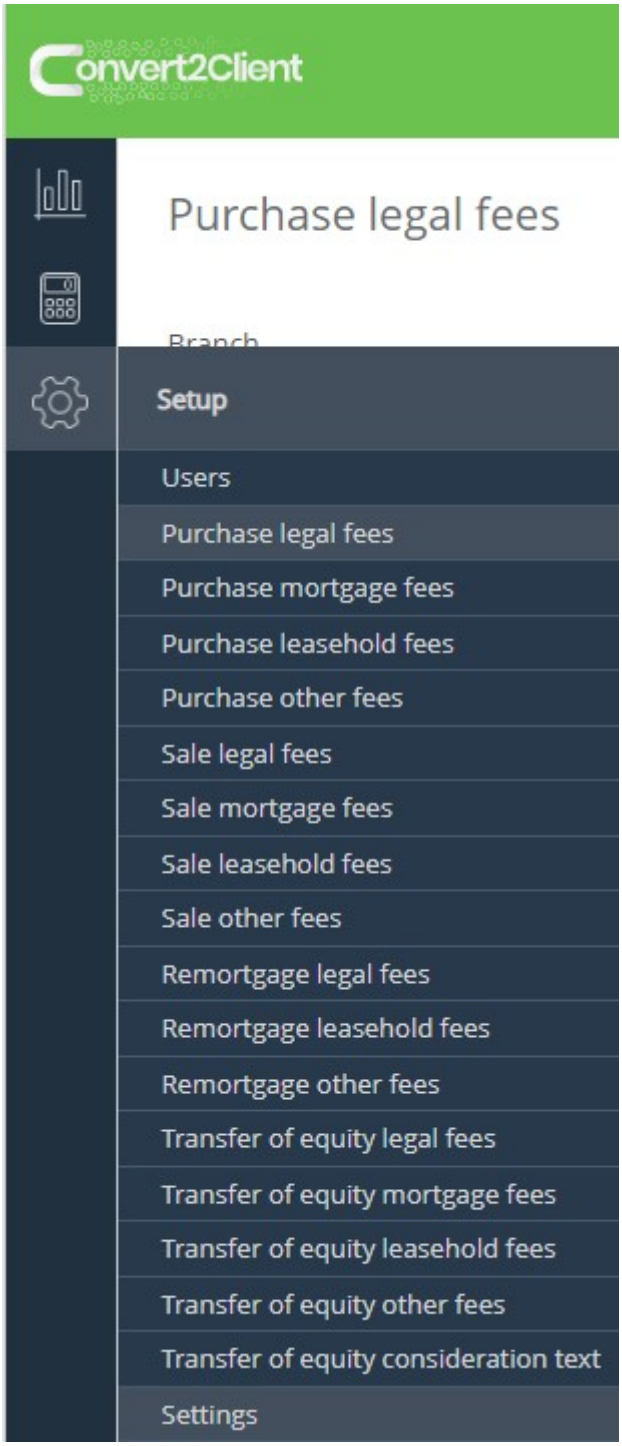

Supervisor level users can amend the fees areas to set up legal fees. Simply add an End Value and a Fee, then click Save.

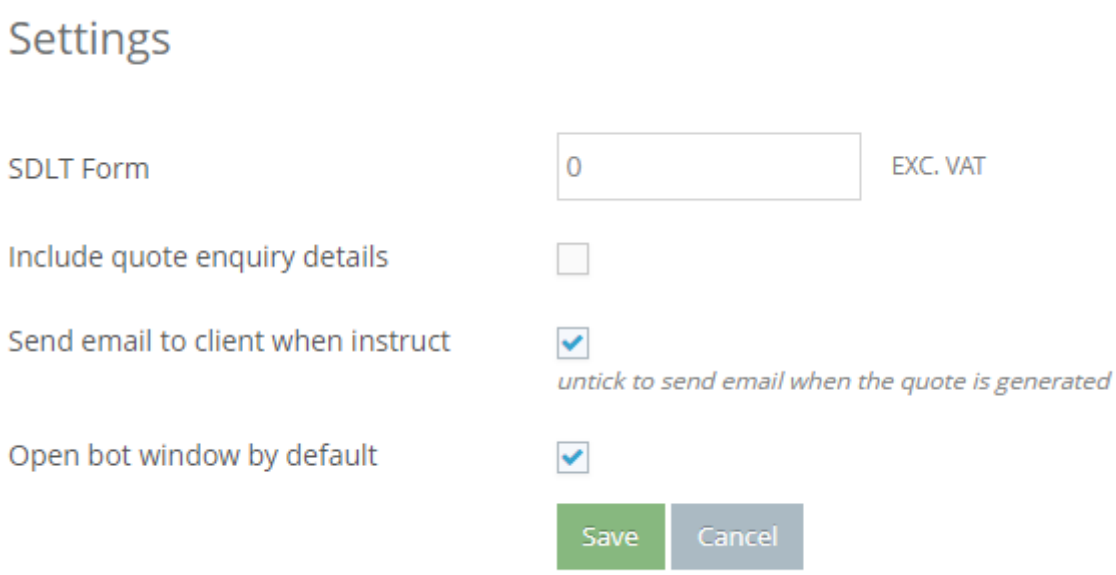

Amending Fixed Fees

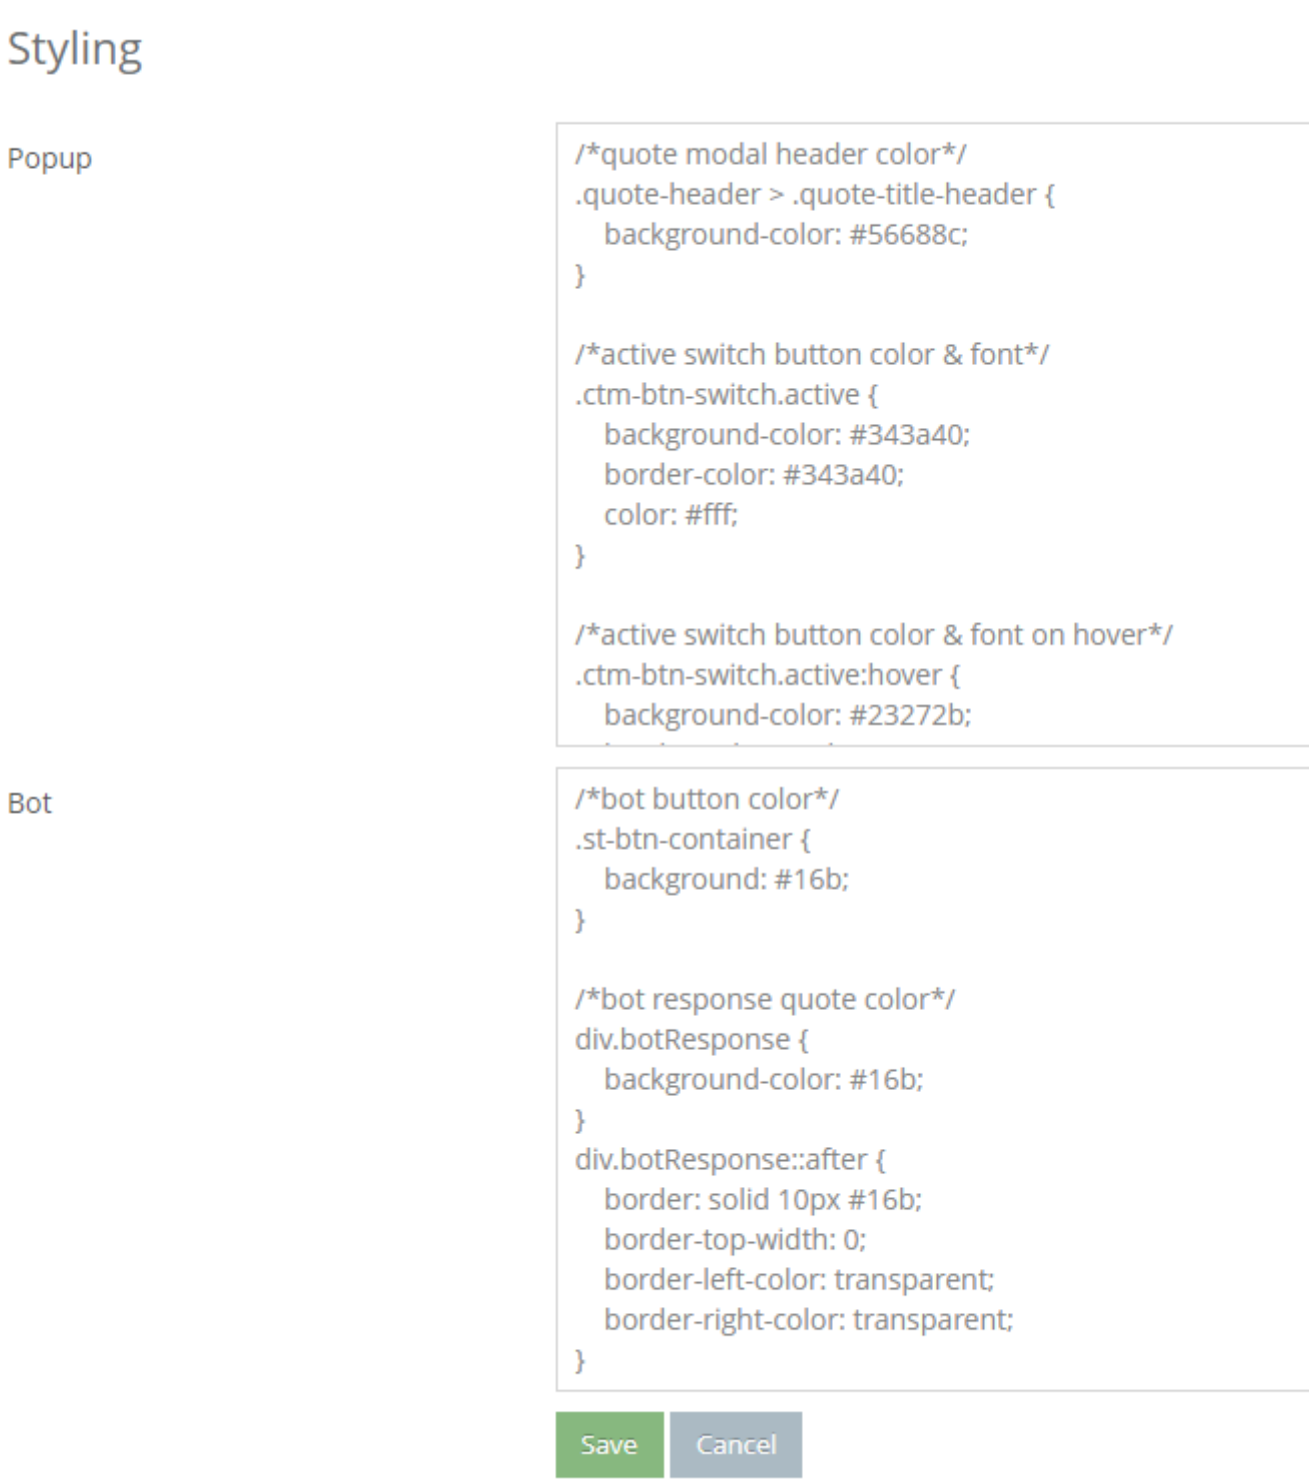

Clicking Settings will allow you to amend fixed fees if needed.

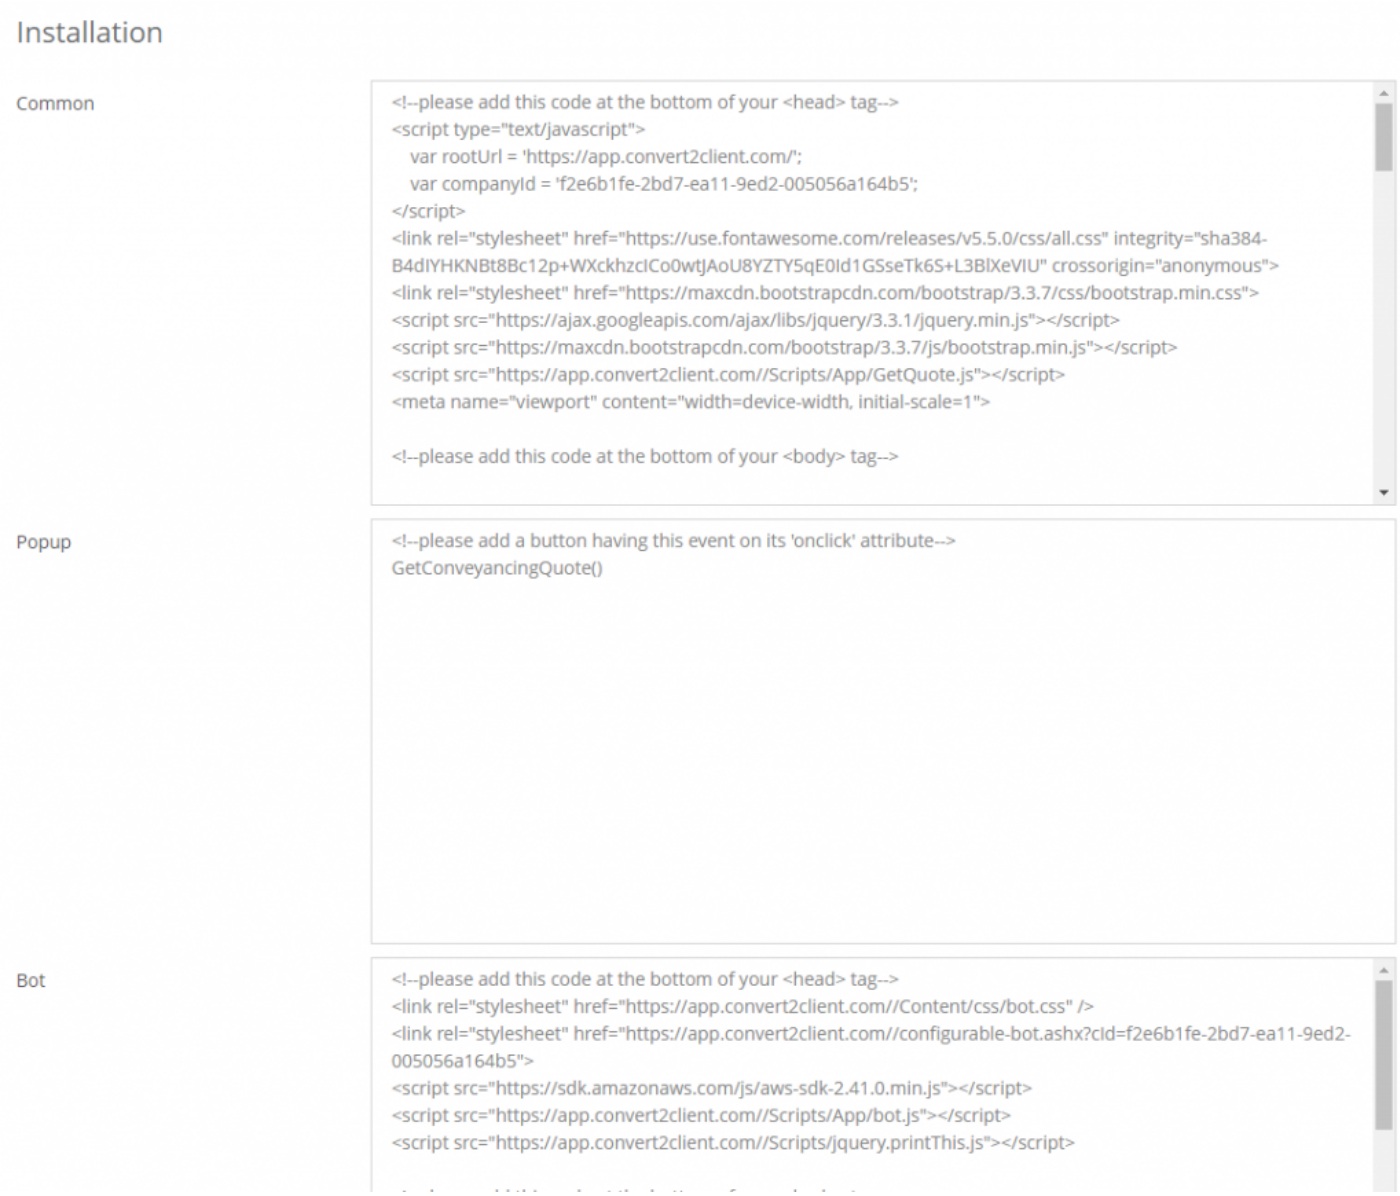

Customisation

Styling will affect the button styling on your website,

Adding Convert2Client to your website

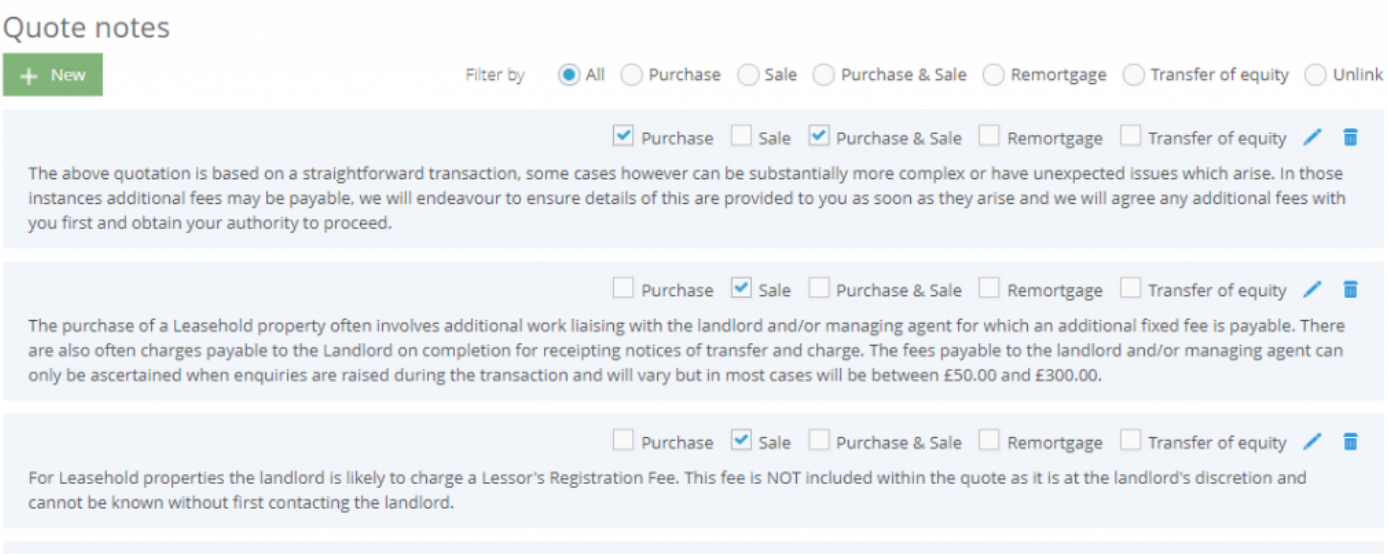

The Installation area shows the code to be copied to your website to use the Convert2Client services. The code in the Common box is required by both the chatbot and the form. The code in the Popup box relates to the form only. The code in the Bot box relates to the chatbot only.

Your domain hosts will be able to assist with amending this.

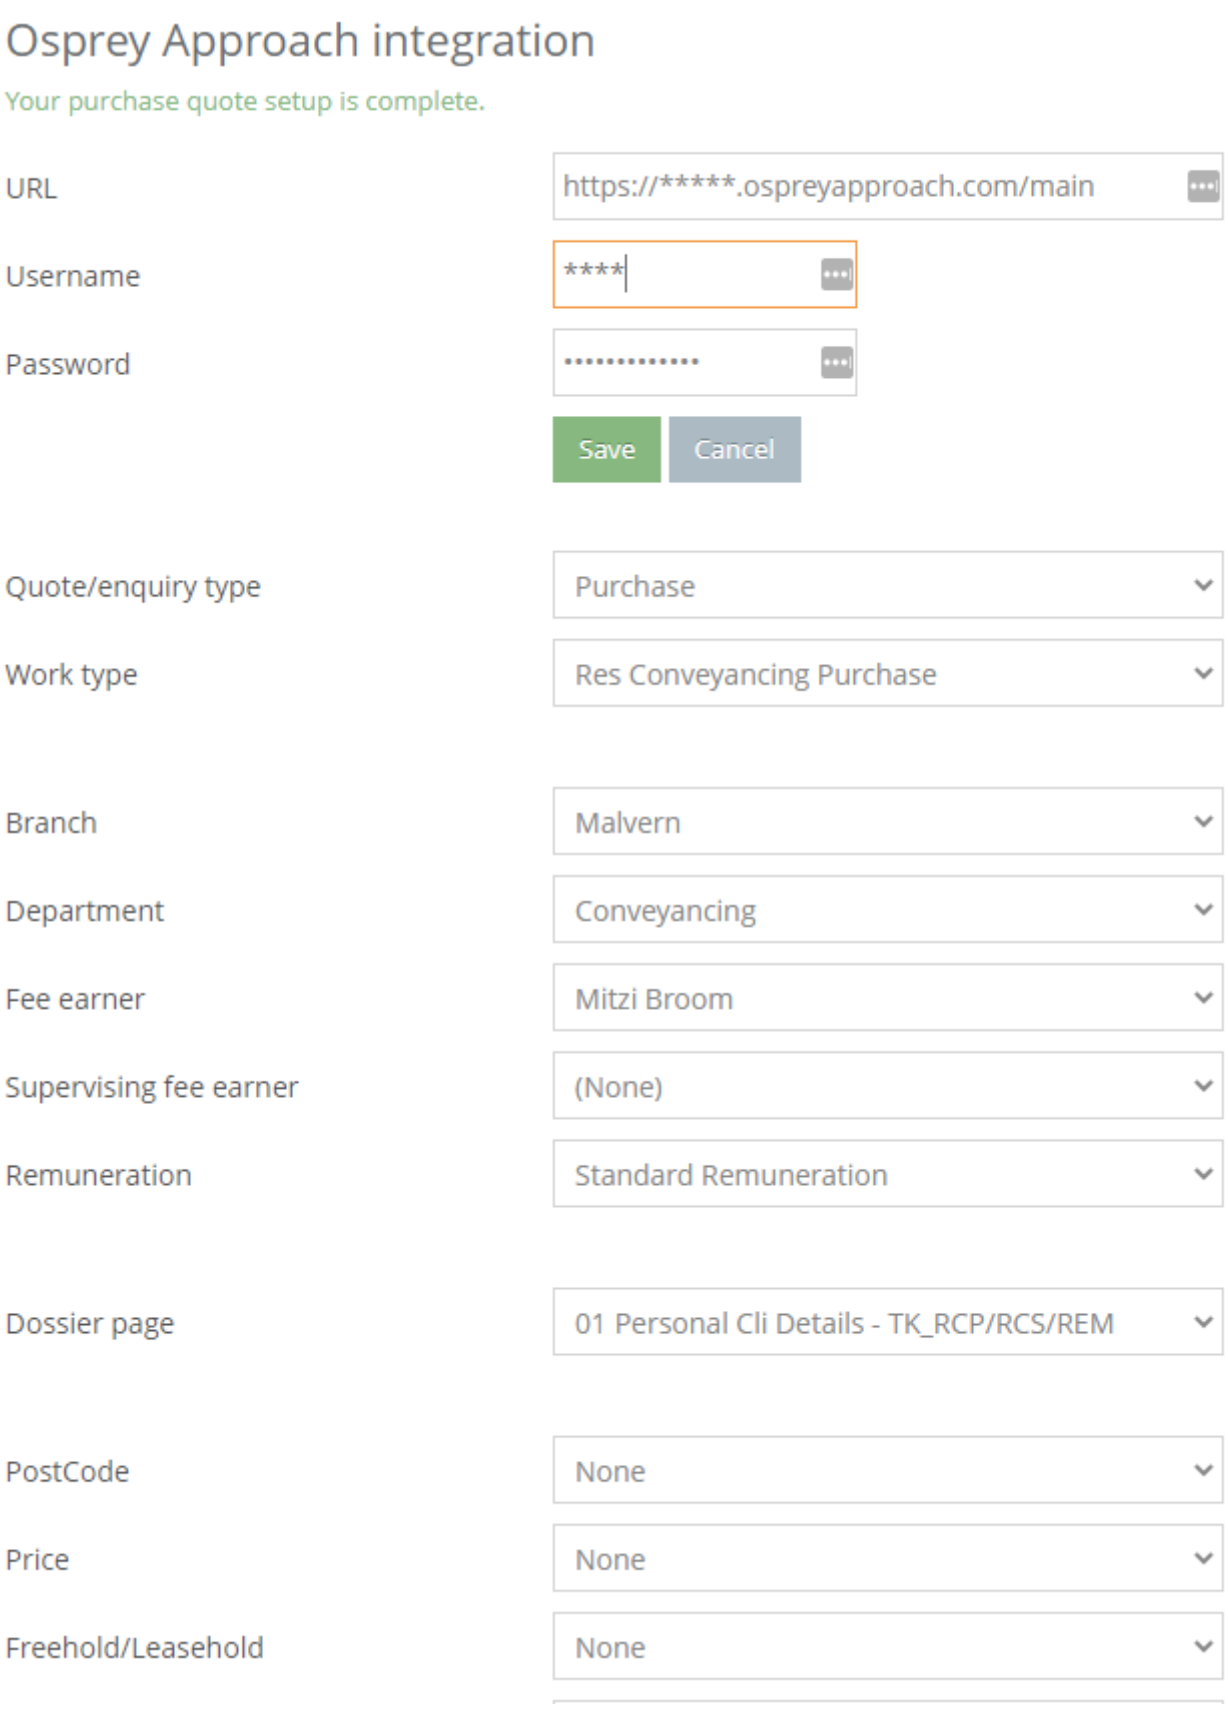

Quote Notes

The Quote Notes are the notes which appear on the pop-up quote. You may add new notes, and customise the existing notes as required and define which type of quote they will appear on.

Setting up Osprey Integration

You can set up Osprey integration by clicking here. Fill in the relevant fields, e.g. work type and dossier page, and then click Save to set up the integration.

Email Templates

C2C has email templates that can be amended as required, as well as the Client Care Letter. You can also include extra files to be sent alongside the client care letter should you wish. Simply drag and drop them.
