

# Osprey Approach: Creating Case Bundles (App)

This help guide was last updated on  
Dec 27th, 2023

The latest version is always online at  
<https://support.ospreyapproach.com/?p=29545>

[Click here for a printer-friendly version](#)

# Creating a Case Bundle

Within the Desktop App, ensure the relevant client and matter is loaded.

Next, click Case Bundles. To create a new bundle, click Add. Created bundles will be visible only to the user who created it.

## Adding Folders

To start adding content to our bundle, we will need to create folders to place our contents in. Only one document can be added to the Root Folder, which will be used as the title page. Click the Add icon as shown below.

Users can rearrange folders by left-click and dragging to the new location. Folders can be rearranged only within the root folder, or rearranged within a sub-folder

If users attempt to move a folder from the root folder to inside another folder, or vice versa, an error will appear.

## Adding Documents to a Case Bundle

To add documents, select a folder, left-click to view the contents. To add a document, click the Add icon

🗣️

## The Root Folder

The root folder allows users to place an initial document, or cover page, before the Index page when the bundle is downloaded. Only one document can be placed within the Root Folder.

If you attempt to add an additional file, or need to replace it, you will need to delete the existing document by right clicking, and selecting delete.

## Bundle Document Settings

Customisations can be automatically applied to the Index Page, and can be set for various work types. This includes the font, font size, line spacing and title.

These settings are available via the Osprey Approach Web App, by Navigating to Supervisor > Case Management Setup > Bundle Document Settings.

The screenshot displays the 'Bundle Document Settings' page within the Osprey Approach Web App. The left sidebar lists various system components, with 'Bundle Document Settings' highlighted. The main content area, enclosed in a red box, features a 'Save' button and the following configuration options:

- Work type: 1\_Adelini
- Font: Comic Sans MS
- Font size: 15
- Line spacing: 10
- Title: TITLE from Bundle Document Settings
