This guide will assist you if you want to know how much VAT you will be liable for but have not yet run the period end for the VAT quarter.

## Standard VAT

Firstly, print out the VAT Summary from the previous period end to extract any totals so far in the quarter.

E.g. if you are currently in the 2<sup>nd</sup> period of your quarter, extract the totals from the VAT summary for the 1<sup>st</sup> period, or if you are in the last period of the quarter, extract the totals for the first two periods:
