

# Osprey Approach: Matter History Searches (App)

This help guide was last updated on  
Dec 22nd, 2022

The latest version is always online at  
<https://support.ospreyapproach.com/?p=53140>

To aid in locating a document within your matter history we have a few ways to search or sort the documents held.

## Column Headings

---

Click onto any of the column headings this will reveal an arrow. clicking the arrow will sort the columns

[Document](#) [+ Add Note](#) [Request Signature \(DocuSign\)](#)  Global

Tray Items	TYPE	REF NUMBER	CLIENT NO	CLIENT SURNAME	MAT
Matter History		80100	EVA00003	Evans	1
)_Adelini		75776	EVA00003	Evans	1
)_Adelini		82949	EVA00003	Evans	1
)_Text					

Type - Sorts by the file type grouping each type together

Ref number - Sorts by the Osprey document reference number, either ascending or descending

Retention Period - Will sort the documents by retention period length

Details - Sorts the documents into Alphabetical order using the first letter of the first word in the description, if numbers have been used these will group together in numerical order.

Created Date - Will sort the documents into date created/amended order.

Created by - Will sort the documents by the person who created the document in alphabetical order.

Processed Date - Will sort the documents according to the date the document was processed

Custom Type - if you use Custom types this column will sort the documents by the custom type

Last modified Date - Will sort the documents by the date of the last modification

Size - will sort the documents by their size

Web enabled - will group the documents in to True or False for Web published

Checked out Date - If you have any documents that are checked out and have not been checked in correctly, this column will show that date and sort into date order

## The Search Function

---

The search function on the document history is located to the right hand side just above the column headings. you can enter some details here for your search, the results will be displayed in the main grid. Using the three dots in the search box will enable you to narrow down what areas are searched.

CREATED DATE	CRE	PROCESSE	WEB ENABLED
01/02/2022	jane	31/01/2022	False
20/10/2021	Jane	20/10/2021	False

In the example above we will search for the word Correspondence.

Details and Content - The search will find the word Correspondence in either the Details column or within the document its self

Details - The search will look for the word Correspondence in the Details Column only

Content - The search will look for the word Correspondence in the Content of the documents only

Custom Type - the search will look in the custom type column for the word correspondence.
