If enabled, the Workflow Status Bar appears at the top of the screen when using the Case Management area. This can be amended and updated as required to display information relevant to the file.

The Workflow Status Bar can be used to display the current position of a matter. Most user pages show the Workflow Status Bar at the top of the page.

The screenshot shows a purple header bar with a gear icon and the text "WORKFLOW STATUS BAR". Below it is a light purple bar containing the text "Key Dates: Date: Description: More Key Dates" with a dropdown arrow, and a pencil icon and a trash can icon on the right.

To amend the description, in a browser select the pencil icon to open up a text field

This screenshot is identical to the one above, but it highlights the pencil icon in the bottom right corner of the light purple bar, indicating that it can be used to edit the description.

In the Case Management App you will also need to click Edit

The screenshot shows a purple bar with the text "Workflow Status Bar" and a pencil icon on the right.
