This Guide will cover adding and updating your branches on Osprey Approach

Adding a new branch

To add a new branch, go to Supervisor, System Setup, then select Branches. Left click Add Branch.

The screenshot shows a sidebar menu on the left with various system setup options. The 'System Setup' option is selected, and a sub-menu is displayed. In this sub-menu, the 'Branches' option is selected, and the 'Add Branch' button is highlighted. The main content area shows a table with columns for Branch ID, Weighting, Location, and a status indicator (green dot).

Editing a branch

To make amendments to an existing branch, such as updating address or contact details, go to Supervisor, System Setup, then select Branches.

Right-click and edit the required branch.

BRANCH NO	BRANCH WEIGHTING	LOCATION
1	20.00	Non-London
2	20.00	Non-London

A blue button with a white pencil icon and the text "Edit" is positioned to the right of the table.

Once the changes have been completed, click Save.

Removing a branch

You can only archive a branch if there are no live matters currently assigned to the branch. To archive a branch, go to Supervisor, System Setup, then select Branches.

Right-click and edit the required branch.

BRANCH NO	BRANCH WEIGHTING	LOCATION
1	20.00	Non-London
2	20.00	Non-London

A blue button with a white pencil icon and the text "Edit" is positioned to the right of the table.

Untick the In Use box and click Save.

Is Default:	<input type="checkbox"/>
